

SKILLS FOR GROWTH SME

GMBS Referral Initiative

Helping SMEs grow

Overview

GC Business Growth Hub is welcoming organisations to join our Skills for Growth – SME Support Programme referral scheme.

Skills for Growth – SME Support is a fully funded skills consultation service tailored to helping SMEs up-skill their employees and improve productivity.

We work at their pace to help them grow their business through re-shaping, developing their talent and enhancing their team's performance.

How it works

Step 1

Once an organisation has registered and been approved, they will then be able to submit warm leads/referrals to the Skills for Growth – SME Support Programme

Step 2

The lead will then be checked and qualified, and once a Skills Coach has worked with that business to complete the Skills Productivity Plan (SPP) with the leader and the Individual Skills Plans (ISDPs) with the employees and this has been approved, then the organisation who provided the lead will receive a payment of £75 + VAT (where applicable).
