Helping SMEs grow

Overview

GC Business Growth Hub is welcoming organisations to join our Skills for Growth – SME Support Programme referral scheme.

Skills for Growth – SME Support is a fully funded skills consultation service tailored to helping SMEs up-skill their employees and improve productivity.

We work at their pace to help them grow their business through re-shaping, developing their talent and enhancing their team's performance.

How it works

Step 1

Complete your Referrals Form and submit to our team to determine the eligibility of both your organisation and the SME you are referring to us.

Step 2

The lead will then be checked and qualified, and once a Skills Coach has worked with that business to complete the Skills Productivity Plan (SPP) and any Individual Skills Plans (ISDPs) with their employees and this has been approved, then you will receive a payment of £75 + VAT (where applicable).
